

## Declaration of the availability of the website of the Scientific Information Base Supporting Innovative Therapies (BINWIT)

The Institute of Immunology and Experimental Therapy of the Polish Academy of Sciences with its headquarters at Rudolf Weigl 12, 53-114 Wrocław undertakes to ensure the accessibility of its website in accordance with the provisions of the Act of 4 April 2019 on digital accessibility of websites and mobile applications of public entities (Journal of Laws, 2019, item 848; hereinafter: **the Act**).

The accessibility declaration applies to the website of the Scientific Information Base Supporting Innovative Therapies available at: [www.binwit.pl](http://www.binwit.pl).

**Website publication date:** 15.03.2021

**Date of last website update:** 25.10.2021

### I. Compliance status

This website is partially compliant with the Digital Accessibility Act of Public Entity's Websites and Mobile Applications due to incompatibilities or exclusions listed below.

### II. Content not available

The content listed below is not available for the following reasons:

- subtitles for the deaf and hard of hearing are unavailable for some films - reason: we plan to enrich the films with subtitles by the end of 2021;
- lack of alternative texts in the case of some films and photos - the reason: films without alternative texts were created as a series of recordings during the Lower Silesian Science Festival. We plan to include alternative text on these videos by the end of 2021.

### III. Keyboard shortcuts

You can use standard keyboard shortcuts on the website.

### IV. Preparation of an accessibility declaration

This statement was made on October 25, 2021.

The declaration was prepared on the basis of the analysis of the compliance of the BINWIT system with WCAG 2.1 prepared at the request of the Institute of Immunology and Experimental Therapy of the Polish Academy of Sciences on December 29, 2020, and a self-assessment of changes introduced at a later date.

### V. Feedback and Contact Details

Everyone has the right to:

- make comments on the availability of a digital page or its element as well as to inform

about the lack of availability;

- request to ensure the digital availability of a page or its element.

Request that unavailable information is made available in an alternative form.

The request must include:

- contact details of the reporting person;
- indication of the page or page element to which the request relates;
- indication of a convenient form of disclosing information, if the request concerns disclosure of inaccessible information in an alternative form.

The application will be considered immediately, no later than within 14 days. If it is not possible to provide accessibility or an alternative form within this period, it should take place no later than 2 months from the date of notification.

Responsible for ensuring accessibility and considering comments and applications:

- **name and surname:** Krzysztof Pawlik
- **e-mail:** binwit.biuro@hirszfeld.pl
- **phone:** 71 337 11 72

## VI. Appeal proceedings

In the event of an unsatisfactory response or failure of the Administrator to meet the deadline for providing it, everyone has the right to submit a complaint to the supervisory body by post or by e-mail to the following address:

- **supervisory body:** Centrum Projektów Polska Cyfrowa
- **address:** ul. Spokojna 13a, 01-044 Warsaw
- **email:** cppc@cppc.gov.pl
- **telephone:** 22 315 23 40

If our actions are still not satisfactory for you, you can also submit a complaint to the Ombudsman (<https://bip.brpo.gov.pl/>).

## VII. Architectural accessibility

Headquarters at Weigla 12, 53-114 Wrocław

There is one main entrance to the building from Rudolf Weigl Street. The entrance door is on the ground level. The concierge is to the right of the entrance.

There are two elevators in front of the gatehouse.

A wheelchair user can move freely on all floors of the building.

A disabled toilet is located on the first floor of the building.

The building and all its rooms, with the exception of the sterile laboratory rooms, may be

entered with an assistance dog and a guide dog.

There are no induction loops in the building.

A sign language interpreter is not available on-site or online.
